2. I received a call from Kerr's office on 29 February, suggesting that I get in touch with G regarding G's recent trip to Argentina. I checked with [] of NED/OSWR, and found out that Bill had talked extensively with G on that subject, so I wondered what else I could do -- but when I checked with Kerr's office again the answer was to give G a call anyway.

3. Before I contacted G, I talked to [] (OLL) about this. He saw G on the hill soon afterwards and told me on 5 March of their chat and what G's interests were generally. Then when I followed up on the request from the office of the ADDI with a call to G on 6 March, G suggested that we have a talk over lunch soon. Because of the press of my current work, I suggested he come over and have lunch with me at Headquarters (EDR) and we could talk about Argentina, etc. We decided on Monday, 12 March, as the best day to get together. He said he'd let me know on the morning of the 12th if he could make it for sure. I set up an EDR reservation, asked [] to join us for lunch and discussion, and had his name given to the Office of Security for his coming in to HQ on 12 March. I also put in a call to [] office regarding the plans, left my name and number, but didn't hear anything back. I was considering the possibility of getting a larger EDR table and including him in our lunch group, but went ahead as planned when I heard nothing further from []

4. G called on Monday a.m. saying he could make it, so I met him at noon in the HQ reception area and we went to the EDR to have lunch with [] [] We had an extensive discussion with G about Argentina, which was continued in 5G48 after lunch. At about 1:00 p.m. we left the EDR to go to 5G48, and as we were walking down the corridor G went into the DCI's office area (to my surprise). He told the DCI's secretary that he was visiting in the building and if Mr. Casey had any free time he would like to say hello briefly. We went on to 5G48 and after further discussion about Argentina (about a half hour or so) a call came from upstairs that G should go to Mr. Casey's office. I escorted him there, and waited in the outer area (about 15 min.) while he talked to the DCI. I then escorted him at his request to the 7th floor D corridor OLL office where he talked on the phone to someone of that office in another location and received some unclassified cover sheets (for signing as having seen classified material). I then escorted him to the front entrance, and he left HQ to return to the hill.
